LED CENTER BASKET RETRO TROFFER 2X2

PRODUCT DESCRIPTION:

Why replace? Retrofit your existing prismatic or parabolic fixture with TechBrite's LED Center Basket Retro Troffer. The Center Basket Retro Troffer adds an aesthetically pleasing architectural look and feel. The kit contains the LED boards and driver; therefore, no driver to install into the existing housing. Wiring is as easy as connecting the power to the factory-installed disconnect. The driver and LED chip combination generates in excess of 130 LPW in the high efficiency packages. The dimmable driver (0-10v) allows for optimal end user control. The LED Center Basket Retro Troffer is an easy way to update the look, feel and efficiency of the existing troffer.
