## LED SURFACE WRAP

### PRODUCT DESCRIPTION:

The LED Surface Wrap is the classic, all-purpose fixture for nearly every commercial and industrial setting. The TechBrite LED Surface Wrap features an engineered prismatic lens that both increases the light output, and masks the LED diodes, delivering a smooth, visually appealing look. The LED Surface Wrap combines high end LED chips and drivers to achieve well over 120 LPW. Standard knockouts allow for easy continuous row installation in addition to stand alone. For a quick and economic replacement of T12 or T8 wraps, the TechBrite LED Surface Wrap is the perfect solution.
