

LED TROFFER

PRODUCT DESCRIPTION:

The LED Troffer is the most economical solution for troffer lighting. TechBrite's LED Troffer utilizes a prismatic clouded lens engineered to mask the unsightly pixilation created by the LED diodes, while delivering a smoothing, visually appealing appearance. The narrow depth of the LED Troffer makes it an ideal choice for reduced plenum heights. **BAA Compliant**

FEATURES:

- 0-10v Dimming standard
- Up to 140 LPW
- Limited warranty: 5 years on luminaire

APPLICATIONS:

- Office
- Schools/ Universities
- Hospitals
- Commercial/ Industrial
